Table Art table sizes

Table Size	Recommended Table Linen	Drop off table	Seats how many guests?	Notes
5' round (1.5m)	3m round underlay	Drops to floor	8-10 guests	To cover the legs of the tables, we recommend hiring an underlay in poly or satin fabric to go under the Table Art square overlay. See photo below.
	2.1m square overlay	30cm drop on sides		
6' round (1.8m)	3.3m round underlay	Drops to floor	10-12 guests	As above with 5' round table
	2.1m square overlay	15cm drop on sides		
4' square (1.2m)	3.3m round underlay	Drops to floor	6-8 guests	Many people don't use underlays for square & banquet tables as an overlay will cover the drop until 30cm from the floor. It will depend on how formal the occasion is,
	2.1m square overlay	45cm drop on sides		
8' banquet table (2.4mx1.2m)	2/3.3m round underlays	Drops to floor	10-12 guests	As above with 4' square table
	3.6mx2.1m trestle cloth or 2/2.1m square overlays	45cm drop on sides, 60cm at ends

Table Size	Recommended Table Linen	Drop off table	Seats how many guests?	Notes
6' trestle table (1.8mx.75m/.90m)	3mx2.1m trestle cloth	60cm drop on ends, 70cm drop on sides	6 guests	We don't recommend underlays for trestle tables as you only see a maximum of 5cm of the fabric. To box (to the floor) a 6' trestle table on all four sides, we use a 3.6mx2.1m trestle cloth.
8' trestle table (2.4mx.75m/.90m)	3.6mx2.1m trestle cloth	60cm drop on ends, 70cm drop on sides	8 guests	We don't recommend underlays for trestle tables as you only see a maximum of 5cm of the fabric. To box (to the floor) an 8' trestle table on all four sides, we use two square overlays.
Bar table 1.1m high	3m round underlay	Drops to the floor		See photo below for example.
	2.1m square overlay	Corners drop to floor, sides drop 20cm from floor.		
High bar 1.8mx1.15m	3.6mx2.1m trestle cloth	Covers bar to the floor and all sides.		Fits under lid of high bar to keep place. See photo below for example
